

UNLOCK THE POWER OF THE LIBRARY

Mesa County Libraries change lives.

Residents of our community use local public libraries in countless ways to learn, discover, create, and connect. Your generous financial support of the Mesa County Libraries Foundation can unlock the library's power to enrich lives and build community.

Donations to the Mesa County Libraries Foundation help fund: Early-Childhood and Adult Literacy, Culture Fest, 970West production studio, 970West Artist in Residence, Comic Con, Discovery Garden, Palisade Branch improvements (garden, roof, and floor), Summer Reading, Words on Wheels, and more.

The library transforms people and strengthens our community. In the words of Mesa County Libraries patrons:

"My library links me to ideas. How can you put a price on that? It's an invaluable community asset and makes my life richer every day."

"My children have the opportunity to access more reading materials than I could provide."

"It's a place where everyone feels welcome."

Mesa County Libraries touch lives in many ways. However, public funding alone does not allow the library to reach its full potential. Generous supporters of the Mesa County Libraries Foundation are the key to unlocking the power of the library. Your tax-deductible gift to the Foundation helps provide programs, events, and facilities enjoyed by people of all ages.

The Foundation is grateful for your continued support. Please consider making a gift this year.

Sincerely,

Jane Fine Foster, Foundation President

Karen Kilanxhja, Development Director
