

Social Story: Visiting Mesa County Public Libraries - Central location - COVID-19

www.mesacountylibraries.org

**Mesa County
LIBRARIES**

970.243.4442

The library has a WEST ENTRANCE/ EXIT.

And an EAST ENTRANCE/ EXIT.

Some patrons will wear face masks.

This is where I can return anything I borrowed from the library.

This is how I know someone who works or volunteers at the library. They are always available for help.

If I want to check out materials, someone in my family or me needs to have a library card. They might look like this:

I can use the displays and shelves to help me find new materials for checkout.

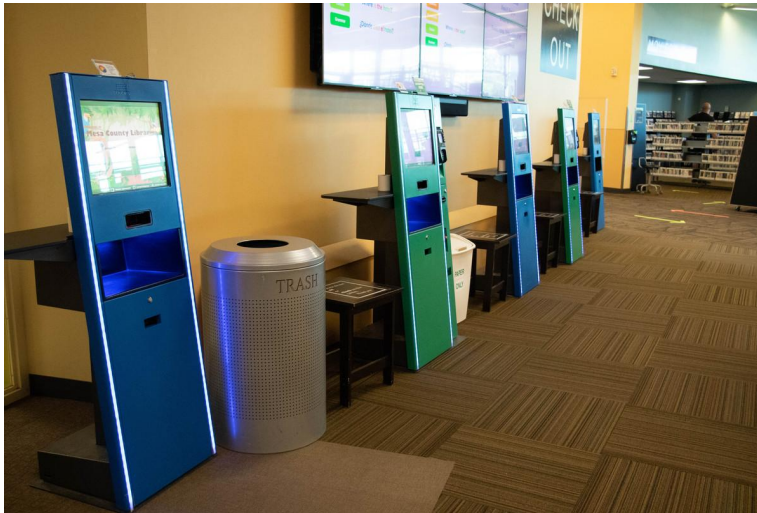

I must always respect library materials.

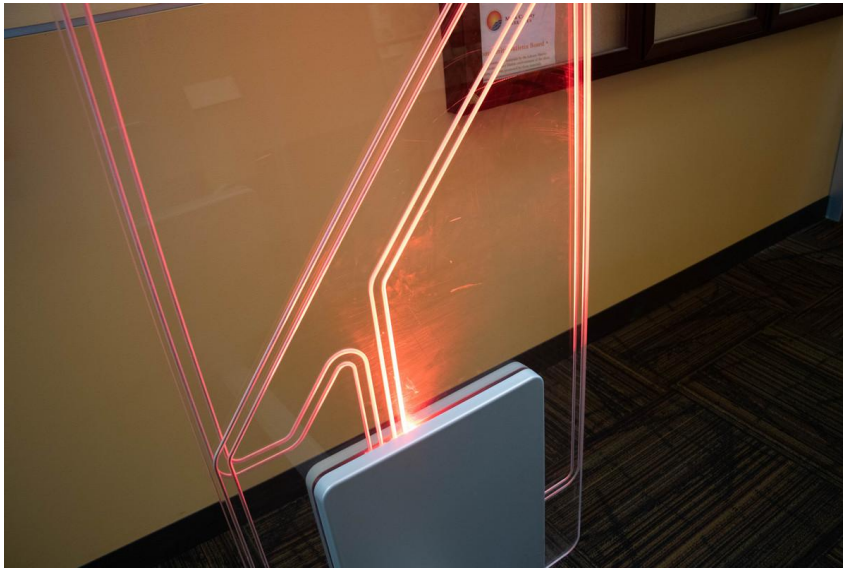

This is how I can find a bathroom to use.

I can use a self-check kiosk to check out materials myself, or I can check out materials at the front desk.

These are the security gates. Sometimes these gates beep. If that happens, I just have to check with the person at the front desk.

**It's time to go! I am finished in the library. I
will visit again soon!**
